

LEARN WITH CREATIVE CONFIDENCE

AFTER-SCHOOL CURRICULUM FOR ELEMENTARY SCHOOL

"I want my kids to build a strong sense of being. With the curriculum, you see the brightness in the students' eyes, because not only was it fun, but they can also put it to good use for whatever situation pops up for them."

– Kimberly Suazo, Facilitator, The Children's Aid Society

Learn with Creative Confidence (LwCC) is a K-5 after-school program that empowers children and adults to build resilience, creative confidence, and social-emotional skills by engaging with the **10 Principles of Creativity**. This unique curriculum introduces and explores the Principles using diverse books/videos, questioning methods, and visual arts-based activities. We work with schools, community centers, shelters, and summer programs in NYC and across the country. **To date, we've trained over 1,000 instructors and reached almost 20,000 kids.**

We Provide Your Organization With:

- Adaptable curriculum that aligns with the core components of social-emotional learning
- Virtual or in-person training for your staff as well as on-going coaching and mentorship
- Ready-to-go lessons for your staff formatted as Google Slides
- Colorful signage and visuals
- Access to additional hands-on activities and books

Easy-to-Follow Lessons That Support Social-Emotional Development

TESTIMONIALS

“When you're choosing the [after-school] curriculum, you're choosing to build character in children. And you're choosing smiles — for your kids to be happy.”

— Kristin Brown-Patrick, Director of Equity & Training, Mary's Place, Seattle, WA

“The day after we did one of the expressive lessons, my student came into class and said, ‘I love you. You helped me to express myself and to feel confident.’”

— Allison, 3rd Grade teacher, Syracuse, NY
